

## SOUTH AFRICAN SOIL SURVEYORS ORGANISATION (SASSO)

The following workshops are planned for 2011:

1. 24 – 25 March 2011 in the Harrismith District to study and discuss the nature and conservation of wetland soils and soils with special conservation requirements. Organisers: Dr Pieter le Roux and Dr Nacelle Collins.
2. 9 – 10 June 2011 at St Lucia, KwaZulu-Natal to study the soils and their development in the forestry industry. Organisers: Mr. Keith Snyman, Mr Cobus Botha and Me Janet Taylor.
3. 25 – 26 August 2011 in the Tzaneen District to study the soils and fruit production systems in the sub-tropical mango, lichi, and avocado fruit industry. Organisers: Dr Johan van der Waals and Mr Gerhard Nortjè.
4. 20 – 21 October 2011 in the Bethal and Kriel districts to study the soils and grain production in these higher rainfall areas. Organisers: Bates Booyens and the Omnia team.
